

Orchid Champion™

The Secret of Master Growers

Want to grow like a champion?

1. Start with plant health

The secret is maintaining a healthy environment for your orchids. Experts believe that happy plants grow bigger, stronger, faster and more beautiful than plants with an illness.

2. Maintain Environmental Control

Isn't an ounce of prevention worth a pound of cure? Maintaining the optimal environment is now made easier for the amateur as well as the master grower with revolutionary Orchid Champion™. Orchid Champion™ may well be the greatest breakthrough in floriculture in the last decade.

3. Always use Orchid Champion™ during the growing process

Orchid Champion™ is a natural cleaning formula designed to aid in the expulsion and breakdown of dead matter in the growing media and on tools or in equipment. It should be used as directed with all watering regimen. It is compatible with all standard fertilization programs. Orchid Champion™ is not a nutrient or a fertilizer but a specialized OMRI registered enzyme solution that is sterilized and compatible with H₂O₂ in low ppm. The products shelf life is unlimited.

4. Foster Plant Health

Experts agree that cleaner systems foster the breeding and maintenance of healthier plants. Cleaner systems help avert the development of disease caused by over watering & the build up of dead matter. Healthier plants have lower stress. Orchid Champion™ helps keep things clean.

Clean Systems

= Healthy Plants

= Champion Orchids

"Revolutionary Orchid Champion™ may well be the greatest breakthrough in floriculture in the last decade."

Our Secret Formula cannot be reverse engineered, so don't be fooled, we may be imitated, but NEVER duplicated.

An interview with Champion Grower Mr. Wes Addison CPA, Distinguished Member of the Orchid Society of Southern Arizona, Noted Orchid Speaker, Over 20 Years of Experience:

Q Now that you have won several American Orchid Society™ Awards using Orchid Champion™ ...would you recommend it?

A "After 20 years of growing orchids I only use and recommend products that I know work... I believe that Orchid Champion™ is the best product I have ever used in promoting accelerated growth in orchid seedlings with it having decreased my flask to flowering time by **over 50%**. When it comes to Orchid Champion™ I use it and recommend it to my friends and colleagues..."

...Wes Addison,
